Chapter 2

Language Target Behaviors 99

The First Few Words 99

Some Frequently Occurring Words 99

Regular Plural Morpheme 102

Irregular Plural Morphemes 114

Prepositions 118

Present Progressive *-ing* 128

Third Person Singular 130

Possessive Morpheme 142

Articles 154

Regular Past Tense Morphemes 158

Irregular Past Tense Morphemes 170

Pronouns 174

Adverb *-ly* 180

Auxiliary 184

Copula 188

Irregular Third Person *has* 192

Conjunctions 194
Comparative *-er* and Superlative *-est* 198
Adjectives 204
Passive Sentences 208
Selected Functional Sentence Targets 212
 Tacts 212
 Mands 216
 Questions 228
 Negative Sentence Forms 264
 Conversational Skills 270

Fluency Target Behaviors 279

Stuttering 279
 Fluency Shaping Procedures 279
 Target Behaviors 279
 General Treatment Strategy 280
 Direct Stuttering Reduction with Time-Out (TO) 282
 Target Behaviors To Be Reduced 282
 General Treatment Strategy 282
 Direct Stuttering Reduction with Response Cost 283
 Target Behaviors to be Reduced 283
 General Treatment Strategy 283
Cluttering 285
 Target Behaviors 285
 General Treatment Strategy 285
Treatment of Clients Who Clutter and Stutter 287

Voice Target Behaviors 289

Functional Aphonia 289
Disorders of Loudness 290
 Excessively Loud Voice 290
 Excessively Soft Voice 290
Disorders of Pitch 291
 Excessively High-Pitched Voice 291
 Excessively Low-Pitched Voice 291
 Mono-Pitched Voice 291
Disorders of Resonance 292
 Hypernasality 292
 Hyponasality 292
Vocally Abusive Behaviors 293
Additional Voice Treatment Targets 294
 Modification of Tongue Position 294

Modification of Laryngeal Position	294
Modification of Head Position	294
Chant-Talk	294
Simulated Chewing While Talking	294
Airflow Management	294
Muscular Effort	294
Open Mouth	294
Muscle Relaxation	295
Whispered Phonation	295
